## 50<sup>th</sup> Anniversary Reunion AUGUST 23/25, 1985

# LAST CALL

Plans are finalized for the 50th Anniversary. And it should be a great time with an impressive list of speakers, meeting old school friends, and lots of memories!

The alumni executive has worked well together with the capable leadership of our president John Cowans to make the event a memorable one for Old Fairbridgians. One of the surprises will be a reunion package that will be given to each participant; another is the list of people, including relatives from the Fairbridge family, who have agreed to come.

Barry Fairbridge, cousin of the founder, saw one of the ads sent to 49 TV stations and got in touch with Molly Harris. He is currently living in Penticton.

Bill Garnett may be able to attend. Barbara Tunis (Logan) will be there and agreed to give some recollections at the banquet. Lady Dodds Parker from the Fairbridge Society in England will attend and bring us up to date on what the society is currently doing. And Erica Tassell will talk on the topic "Do you remember".

Dr. Patrick Dunae, provincial archives, accepted our invitation to attend the reunion and outline the services the provincial archives could provide. He attended an executive meeting, June 22, in Vancouver and proved to be most helpful with the amount of resources he has available.

The Fairbridge Strata Society will again host OF's at the school. And if you attended the last reunion you will recall the great hospitality at the tea. These people genuinely welcome the former school members back.

So come to the reunion. We have great things planned. And you shouldn't miss it. "The Jubilee Reunion," says John Cowans, "is more a family gathering than a school reunion. It's a time to renew family ties, to celebrate."

### VOLUNTEERS NEEDED

We are looking for volunteers to assist the Welcoming Committee greet people at the door, hand out name tags, etc.

Please contact Molly if you can help.
